Achieve success at school

SCHOOL PROGRAMS

HOW DOES YOUR SCHOOL RANK?

Schools who use Academic Group (Academic Task Force and Academic Associates) to provide in-school revision programs consistently improve their school ranking.

> Schools who have engaged our services have increased their ranking by 20 - 50 places.*

> Some schools have used our services to help them move into the elite top 10.*

> Schools report their students benefit from the additional input and different perspective.*

> Students report increased motivation and improved results.*

* Further information can be provided.

Academic Group has provided programs to many schools; Government and Private, in both metropolitan and regional areas.

ENGLISH HELP

(RECOMMENDED DURATION 4 - 6 HOURS)

Some students struggle with English. Would you like to develop your student's skills before they enter year 11 to help provide them the best preparation for ATAR English?

Many students believe it is not possible to study for English. Our English Help program has been specifically designed to assist students who are struggling with English and need some additional support and guidance to help them engage with and succeed in English.

In our English Help courses, an experienced English teacher will motivate and work with your students to improve their English skills. Sample topics include grammar, spelling, reading and comprehension, journal and persuasive writing, essay structure and creative writing.

Students will see examples of different responses and, in smaller groups, they will receive individual feedback on their work.

Our teachers for these programs are expert subject specialists, who will offer students a different perspective. Our experience has shown that listening to another teacher is sometimes the turning point for a student to understand an area that they may have struggled with in the past. An Intermediate English Course is also available for teachers looking to extend their high achievers.

Our programs will provide your school with the support in making sure students have the skills needed to progress to senior level English in later years.

✓ Available for Years 7, 8, 9 and 10. ATAR Revision Courses are available in Years 11 & 12.

MATHEMATICS SUPPORT AND EXTENSION PROGRAM

(RECOMMENDED DURATION 4 – 6 HOURS)

Tailored specifically for your school. We will work with your subject HOLA to provide a targeted review of the course syllabus with a focus on the areas of most need as pinpointed by your HOLA and your students.

Academic Group provides programs that will assist students on all levels in Mathematics. Our Mathematics Course will reinforce your student's comprehension of course concepts and provide intensive support.

Our teachers for these programs are expert subject specialists, who will offer students a different perspective.

Our experience has shown that listening to another teacher is sometimes the turning point for a student to understand an area that they may have struggled with in the past.

An Advanced Mathematics Course is also available for teachers looking to extend their high achievers.

Our programs will provide your school with the support in making sure students have the skills needed to progress to senior level Mathematics in later years.

 Available for Years 7, 8, 9 and 10. ATAR Revision Courses are available in Years 11 & 12.

LEARNING SKILLS

(RECOMMENDED DURATION 1- 6 HOURS)

Academic Group's Learning Skills Program will support your student's transition into the new school year and help your students to establish good study habits early.

Our popular Learning Skills program is proven to improve your student's approach to how they study. Schools can select modules to cover including, goal setting, homework strategies, time management, multiple intelligence, learning strategies, memory techniques, speed reading, note taking, mind mapping and test techniques.

Our six hour program can be modified to your specific requirements. Schools can choose one or several modules to cover more topics. Programs can be structured to cover all of these areas or schools can choose specific modules to tailor the course

Our Learning Skills are presented by experienced and lively teachers and incorporates teaching, workshopping and practical work for students. The emphasis is on active learning strategies.

ESSAY WRITING

(RECOMMENDED DURATION 3 - 6 HOURS)

Writing good essays can be a struggle for many students; however, it is an area that can be easily remedied and is a necessary skill for students to master to excel in their subjects.

Good essay writing skills are essential across different subjects. Our very popular Essay Writing program teaches students a simple and easy to use essay structure that is suitable for all subjects.

The Essay Writing program will cover topics such as interpreting the question, planning, developing a thesis,

Students will have ample time to practice their writing skills and will receive feedback from a teacher on their essays.

The course has been proven to improve writing skills and will provide your students with tips and strategies for constructing essays.

For assignments and tests. Students will receive a workbook they can use throughout the school year.

✔ Available for Years 7, 8, 9 and 10. ATAR Essay Writing Courses are available in Years 11 & 12.

NAPLAN PROGRAMS

(RECOMMENDED DURATION 4 – 10 HOURS)

Our experienced team of teachers are skilled in preparing students for their NAPLAN. Your students will be guided through the types of questions they will encounter and ensure they have the skills needed to approach and answer the questions correctly.

Our programs cover all areas of NAPLAN testing in both Numeracy and Literacy for Years 7 and 9. The best time to hold the course is in Term 1 or the beginning of Term 2.

Your students will receive a workbook with notes and practice questions that they continue to work through and test their ability in preparation for NAPLAN.

✔ Available for Years 7 and 9.

OLNA PREPARATION

(RECOMMENDED DURATION 3 – 10 HOURS)

Academic Group has worked with schools to provide intensive intervention and instruction for students at risk of not passing OLNA.

If your students are continuously underperforming in OLNA, early support and ongoing teaching is recommended to allow them to develop their skills and provide a boost in their confidence.

Separate courses are available in Numeracy and Literacy. The program will teach students how to understand and answer OLNA questions. An experienced teacher who is skilled in building the skills of students who are struggling with schooling will carefully take students through the examples of OLNA questions and build their literacy and/or numeracy skills.

✔ Available for Years 10, 11 and 12
